

# Voices Serving the Holy in All Community Sing-Along

This community sing-along is for people who ‘don’t sing’ AND for people who do. It’s for those who want to deepen their sense of communion with others and their sacred respect and wonder in the face of all nature. We’ll sing easy-to-learn, playfully challenging songs that speak to critical themes — spiritual, environmental, social, interpersonal — in a way that brings joy, a sense of success and shared meaning. *Community Song Leader Liz Rog lives in the Driftless Region of northeast Iowa with her family, where she leads weekly community singing in the global Ubuntu tradition.*
